THE CHAOS

2010-2011

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 12.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office of National Statistics 2000).

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out a vision for the future of older people's services. The strategy is based on the principle of 'active ageing', which is the process of enabling older people to live longer, healthier, and more active lives. ## Faculty and Staff

## The Student Becomes the Master...

"You learn by doing," the old saying goes, and nowhere is it more true than in teaching. Even master teachers got their start somewhere and every new teacher, like Erin Johnson (left), has to go into the arena eventually. Miss Johnson took over for some of Mr. Blubaugh (inset) and Mr. Marlow's classes during first semester, and has done well. Still, it's hard for the old teachers to let go sometimes. Says Mr. Blubaugh: "Having a student teacher helps me see the generational gap--it's too chaotic for my tastes, but she relates to the students."

All of homecoming week was spirit week in which students dressed up in that days scheduled theme. The next big event of the week was the brownie bake-off. In the bake-off teachers made brownies to be judged by students to choose a winner, Mrs. Davis. The following day was the homecoming parade. Each class made a float for the parade, and the winner for best float was the Seniors with their fourth win. To top off the week, we celebrated a victory of 27 to 10 in the giant Homecoming game. At the game MARIBEL MARTINEZ (escorted by ERIC WALKER) was crowned Homecoming Queen, 2010. She said after her victory, "I am very happy and surprised." After the game students said ended homecoming week at the dance.

Diligent preparation went in to making this dance possible. The Sunshine committee spent their Friday afternoon before the dance setting up the decorations. The theme of the dance this year was "Jungle Boogie."

Though some people didn't like the theme that was chosen, the dance had a great turn-out. One of the main events of the Sunshine dance was when BROOKS RODIBAUGH went into the middle of the room, and danced to "Thriller." RYLEIGH SMART says "That was the coolest part of the night, he was awesome!" Students had a lot of fun under the green canopy on the night of the Sunshine dance. With this in mind, next year's dance should have a fantastic turnout.

MEET ME AT THE HOP! 2011

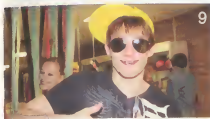

Morp is a time to have fun and dress up. This year's theme was "Meet Me at the Hop." Even though there is a theme you do not have to dress in that attire. You can wear whatever costume you can think of. There were many crazy, creative, and unique costumes at MORP. There were zombies, video game characters, duck tape dresses, nerds, guys dressed like ladies and so much more. MORP is also a time to hang out with your friends and dance in till your feet fall off. NATHANIEL GRAVES dressed as a crayon, and when asked why he did, he said "It was creative, no one else thought of it, and no one has done anything like it. Morp is about being creative; we were thinking outside the box."

7. NATHAN SMITH does a backward worm. 8. TYLER KEM boogies in his awesome zombie outfit. 9. JACOB RUSH gives a thumbs up to having fun at MORP. 10. TAYLOR PETERSON and ABRIEL GARCIA look excited to be at MORP.

# ★ PROM ROYALTY ★

LESLEY SMITH and KIRBY SPANGLER

NATHANIEL GRAVES and MARIBEL MARTINEZ

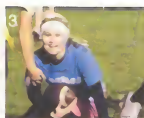

The theme for prom this year was a flashback to a time where Olympians and gods ruled the world. "Grecian Gardens" was thought up by the very creative Prom Committee. Students really enjoyed themselves this year at the dance. "My favorite thing about prom this year was being able to get down to the great music, and getting shoulder-checked by underclassmen," says RCHS student SAM PERRONE. The seniors danced all night, especially when the senior song, "I've Had the Time of My Life," came on. Prom king and queen this year went to NATHANIEL GRAVES and MARIBEL MARTINEZ. The prince and princess title went to KIRBY SPANGLER and LESLEY SMITH. This year's prom was definitely a great way to end another year.

Student Council is a club made up of 32 members, the officers and four representatives of the class. Mrs. Benner and Mrs. S. Dobson are the sponsors. They hold meetings on the first and third Monday of every month. Some of the activities that they are responsible for are Homecoming, couch potato, MORP, spirit weeks, Mr. Bomber, PowderPuff and new this year, Men's Volleyball. This year's council has been one of the more active councils the school has seen in several years. They are no doubt a hardworking group of people. RACHAEL DOBSON said, "I enjoy being a part of Student Council because it gets me more involved in the school and the people in it made it awesome."

Community Service helped out the community. They did Pack-A-Van, where they got canned foods. They had two blood drives in which people would donate their blood to people who need it. They also had the Santa Shuffle to raise money for Riley's Children Hospital. Senior TANGAIRA HUTCHINGS says: "This is my second year donating blood, I donate blood because it makes me feel better that I helped a person by sharing my blood." It's pretty epic how people can donate their blood without passing out, and how they actually give their blood to people who really need it, as well as the Santa Shuffle helping all those sick kids and making their lives a whole lot better.

Ms. Lyons took over the Sigma Di Gamma club this year. In her first year she has continued the Sigma Di tradition of learning the ways of the Spanish-speaking cultures while having fun doing so. Most of the members would not be able to tell all the things that they have learned this year with all the fun they have had. Even though these Bombers learned a lot, most of them would tell you that the cuisine was the best part. "The food was straight awesome. Every week was a different dish" said junior ALEXANDER GUMZ. In an otherwise uncultured area of rural Indiana, these students have chosen to take on another culture and make it their own.

It was in full strength this year with a variety of students ready to learn about agriculture. The F.F.A. had a great year of competition with their many teams placing well in large-scale competitions. The Students made a trip to the FFA

National Convention to see the most modern agriculture technology and to see a host of today's biggest music stars. FFA Treasurer JACOB WILSON said, "It was a real fun time." To some of these agriculture enthusiasts, FFA is more than just a club, it is a way of life.

All of the team did exceptionally well this year winning against other tough teams from around the state. Paige Wyncoop was on a roll this year, winning third overall in the state academic decathlon. The academic decathlon is almost like the equivalent of the state football game. Paige used many study habits such as flash cards and books. Mrs. Heinig is very proud of what Paige has accomplished. She said "I am very impressed with Paige's performance this year."

Sunshine is so much more than just the dance. It is a club for girls in our school to do fun activities and work together. Sunshine meets on the first Wednesday of every month. Some of the activities that the Sunshine Club is responsible for are Mother Daughter Tea, Daddy Daughter Date Night, a Faculty Breakfast, Angel Tree, and the Sunshine Dance. In Sunshine, girls get to pick any of these activities that they would like to participate in. That is the great part about Sunshine. There are so many activities that you can take part in, and the students in this club have a lot of fun being in activities with their friends. "It's really a good club to be in." says RYLEIGH SMART.

FCS stands for Fellowship of Christian Students. It is a club for all of the Christian students at RCHS to get together, pray, and help each other out. The students in this club do many activities. These activities include "See You at the Pole," an outreach event, and an Easter egg hunt. See You at the Pole is an opportunity for all students and teachers to gather around our flagpole and pray for our school, community, friends, family, and more. The theme of the outreach event this year was "Transformation," because the FCS' club verse for the year was Romans 12:2. "I really enjoy this club, it teaches you very good lessons, and it's actually really fun!" said

JORDAN SKINNER.

The Pioneerz are a few select students who travel to the elementary school and teach the students about living a good and full life, avoiding drugs and other dangerous habits. The students who participate in Pioneerz are some of the brightest and most outgoing students RCHS has to offer. Whether it's having serious topic discussions with the children inside the classroom or interacting with them outside during recess, the Pioneerz have a very influential role in the children's lives. Junior JEANA WEBB agreed, saying "These kids will hopefully keep the lessons we teach, for life." Always leading the way, these students are definitely "Pioneerz."

Many students at RCHS spend their summer working on 4-H projects. Whether those include livestock projects such as beef or swine, or nonlivestock projects like foods or woodworking, each project requires a sufficient amount of time. However, a sense of satisfaction is acquired when project judging day comes and all projects are completed. 4-H teaches responsibility, time management, and new skills. Ten year 4-H member, REAGAN GOODMAN, currently shows beef and sheep. In addition to her 4-H projects, she is involved in Junior Leaders, which has helped her become a better leader. REAGAN says, "I enjoy meeting new people and hanging out with my friends."

This year's fall play was "The Foreigner," written by Larry Shue. A lot of hard work went into the making of the play, starting all the way back at the call-outs. Practices started in early September to prepare for the show. All their hard work payed off on the opening night. The play was a two night run, Thursday, October 22, and Saturday, October 24. The cast and crew were: LOGAN TORBET as Charlie, ELIZABETH GIFFORD as Betty Meeks, NATHAN SMITH as Ellard, ZACHARY HORNER as Reverend David Lee, KACEY SWAFFORD as Catherine Simms, COLLIN BOHLKE as Sgt. Froggy, and PAIGE WYNKOOP as Opal Musser. Stage managers HELEN HEINIG and EMMA MESSMAN said, "This years play is funny- I guarantee you will laugh."

All of the cast did a great job making a classic musical funny and modern. The cast of the play worked hour after hour to perfect things for the upcoming showings. All the cast also got along together very well, helping each other out with lines, costumes, and makeups. COLLIN BOHLKE said, "The play was a lot of fun, I'll miss them a lot when I move away. I just hope I can continue doing plays there as well!"

Powder Puff is a chance for the girls of Rensselaer Central High School to play flag football. All of the money the student council made was donated to the animal shelter. They made exactly \$345. This year was a very competitive year. The Seniors were sure that they would beat the Freshmen. Many seniors said that the Freshmen were afraid of them, so they thought it would be an easy win. That statement seemed to be true, because the Seniors beat the Freshmen 21-0. But just because they beat the Freshmen didn't mean they would win against the Sophomores, who beat the Juniors 6-0. The Sophomores took home the win for the second year, beating the Seniors 1-0.

This is the first year that the school has put on Men's Volleyball. Like Powder Puff for girls, this is an activity where the guys of Rensselaer Central High School get together on teams to play a game of volleyball against the different classes. This event was held by the Student Council. Many people went to see the boys play. A few boys decided to be different and wear some funny shorts. All the guys thought it was actually really fun to get the chance to do this. Even though competition got the best of them, they had a good laugh about it when it was over. In the first round, the seniors beat the freshmen and the juniors won against the sophomores. In the final game, seniors were victorious against the juniors.

Rensselaer Central is a place where many friends are made and many more memories are shared. Between school dances, classes, and other extracurricular activities, there is an endless amount of opportunities for socializing. There are huge groups of friends and small groups of close-knit best friends. No matter where you go, you are not alone. There are clubs where people of similar interests can join together and get to know one another. In high school, we have the dances and sports events, new friends are made and new people are introduced. New friendships begin as others end. There is always someone to hang out with and something to do here at the home of the BOMBERS.

"The trip was amazing! Our guide made everything really fun", junior TANNER ODLE explained. The teachers and chaperones who helped put this together, along with the help from the guide, Michael, made this without a doubt the best school trip ever, and something none of the participants will ever forget.

The Rensselaer Central High School choirs work really hard to make sure their concerts are the best. The choir does it all from the Little Cousin Jasper Parade and Christmas Parade, to actual contests like ISSMA, and everything in between. The choir in RCHS is made up of three separate choir classes. The mixed choir is for all of the students that have been in choir over a year. The show choir is for the students who are more into the dancing part of performing. The third choir is the treble choir; this choir is for beginners and is all girls this year. RCHS has a wonderful science department. A few types of science classes are: Biology, Chemistry(1 and 2); Earth Space; AP Biology; Physics; Integrated Chemistry and Physics; and Anatomy and Physiology. There are four science teachers at our school: Mr. Sidney Dobson, Mrs. Heather Heinig, Mrs. Debra Price, and Mrs. Alicia Long. They always do a lot of fun things in their classes. From field trips and dissections, to movies and labs the fun in these classes lasts all year. Chemistry student IVY PETTIT says "Chemistry is a very interesting class this year." All the science classes get to do more outdoor experiments and field trips than other classes. These experiences get students ready for careers in science.

English in high school is a one-of-a-kind experience! The four English teachers are Mrs. Rose Schneider, Mr. Daniel Kellow, Mr. Kenneth Wojciechowski, and Mr. Bernard Sell. All of them teach a wide variety of English courses like American Literature and AP English classes. JACE HORNER said about his English teacher Mrs. Schneider, "She is really funny. There is never a boring day in her class." The classes read several books this year such as The Great Gatsby, The Catcher in the Rye, and How to Kill a Mockingbird, which almost all of the students seemed to enjoy. Overall, English is a very necessary class, but also very fun at the same time.

High school math ranges from Algebra 1 to Calc, getting students ready to be successful in life. The Math teachers this year are Mrs. Cook who teaches Algebra I, Mr. Stevens with Algebra I and Geometry, Mrs. Henady who instructs Business math, Precalculus, Algebra II, and Calculus, and Mr. Simpson teaches Geometry, Algebra II, Problem Statistics and Discreet Math. Freshman, ALEX CLEMENTE said, "I love math, it's really a fun class with Mr. Stevens, and I loves to joke around with us." All of the classes worked hard the whole year, from the very first chapter to finals, and it was a fun journey the entire way!

Nursing is a class that is good for anyone who would possibly want to pursue a career in the medical field. Students who don't want to be a nurse join this class too, simply because they would like to experience something that they have never tried before. A few weeks after being in nursing class, students go over to the hospital for the real nursing experience. When they go over to the hospital, they get to see what it's like to be a real nurse. While there, they learn about treating people, and many other things. ALEXANDRIA DENO said "This is a great class for anyone who likes helping people out and people who want to be a nurse when they get older."

Art class is one of those classes where students can really express themselves. "We all have a lot of fun in art, it's a cool class to be in, especially when you have your friends in there," said COLTON NUSS. RCHS held an art show for students. JASMINE WHITE received 8 ribbons, while ERIC WALKER, LESLEY PARK, and NATHAN SMITH all received 6 ribbons. The high school art class is very different than the middle school art class. Students really get to take time on the pieces of artwork that they are creating. You may notice this if you walk around the hallways of RCHS. Our school likes to show off the artwork made by students, and most of them are made very well.

Welding students seem to have the most fun out of anyone else in the school. They help out with the building trades houses every year, they do projects for class, and they even do odds and ends jobs around the school. These students also get to work on cars throughout the year. The teacher of welding is Mr. Gull. He enjoys watching the students complete their hands on construction, communication, and transportation projects. The students always seem to work well together on whatever it is they are trying to do. Welding takes a steady hand, a very big amount of precision, and a love for working with the hands. Without these things welding wouldn't be here.

Building trades students work in all different weather. They work in unbelievable hot weather to the coldest of cold weather. The location of the building site house is west on 14, the last road on the right before hitting brown's garden store, it will be the second house on the right. When asked why she wanted to join the building trades team Asia Lily said, "I thought I was going to be able to decorated the house."

The Life Skills class works hard, but has a lot of fun, too. Their community-based instruction has included Indiana Beach and Dairy Queen, and a lot more. They get to explore and see new things, learn computer skills and how to interact with each other. They do all sorts of different things, with the class or one-on-one. They also had the chance to do treasure hunts outside of school, with other people. One of the officers came in and finger printed all of the students. For exercise, they sometimes visit the gym. The class isn't all fun and games, however; like every student, they have to do their work and do as the teachers say.

Each practice was filled with determination to do their best. ABRIL GARCIA says "I hope to join again next year, it was such a fun thing. I love to dance especially when I get to dance with my friends too, it's so fun." The girls worked hard, and also had fun while doing so. The team danced to the song "Magic" by B.O.B. and made up their own moves to go with many of their performances. Dedication and personal integrity drove the girls to do their best and have each move fall into place. They weren't just a dance team, they were a team of friends having a lot of fun!

The boys proved to be fairly victorious. They had the best record that this school has seen from our soccer program. The boys managed to achieve an impressive six shutouts over their competitors. The team had a disappointing loss at Sectionals against Lowell, but an extremely well-played game none the less. Their motto all season was- have fun, and then you do well. SIMMEON GASTINEAU says "I've been playing soccer since I was in third grade. I love how it pushes you." This is the second season that the soccer teams were able to enjoy the fields behind the middle school. The team was able to attract a few new faces to the line up. Freshman NATALIE KRUAJ says "I joined soccer because it seemed like a fun, new sport to try." Soccer is a game that requires a lot of hard work, but the benefit is the non-stop fun you have doing it. These girls had such a hard schedule to compete with, but they never gave up. A few of the girls, KELSEY VANDERWALL and SAMANTHA MASSOELS, ended up in head gear from concussions. All though the record does not show a winning season, the girls improved as athletes.

When the gun sounds you see athletes move in a pack on a course that just seems to go in circles. The determination is seen on their faces, and the miles put in from the summer are being put to good use now. Their achievements are never handed to them, but rightly earned. This is your 2010 cross country team. Both teams saw a jump in the number of runners. The boys ran to their second consecutive Sectional title, led by Sectional Champion TRENT NAGEL. The girls went from a young team to a group of fierce competitors. The boys swim team got a fresh breath of air this year. There were only six swimmers who would be returning to the team of nineteen. This well humored group of guys found great success in the water. With most of the team having never swam before, they learned to compete with some of the best teams in the state. The team held the swim traditions with their usual bleaching of their hair, crazy hair designs, and slick bald heads. Sickness did hit the team around conference time, but they managed to finish third, just one point behind Benton Central. Senior Casey Hooker was once again able to get himself down to the state meet in the 100 butterfly and the 200 freestyle. Swim season is during the coldest season, but the Rensselaer Central Girls Swim Team bring the heat every year. Working hard at practice and having some fun while doing so. The girls managed to all improve times and set goals. There's not much breathing during swimming, however the girls still managed to carry conversations and become much more than just a group of girls; they became a group of friends. They pushed each other to do their best at every meet and when conference rolled around almost everyone dropped time. As a team they placed fourth out of seven teams. Just weeks before sectional the girls started working harder. When the day finally came the girls were ready to go out and beat some teams. Although they didn't make it past sectional, they had a great season.

Lady Bomber basketball started in December and they played all the way up to February. The girls spent many hours practicing. All the while they were working as hard as they could to win sectionals. The starters were: EMILIE ZIESE, LESLEY PARK, ALEXANDRIA DENO, ALLISON MATTOCKS, and TAYLOR MEYER. The ladies suffered a tough loss to Andean in the first round of Sectionals, but played hard to the final buzzer. The team got along with one another and they worked together as a team, not as one individual. When asked what things she will remember from this year ALLISON MATTOCKS said, "Just dance, apples to apples, LAURA TONNER at three in the morning, team pyramids, accidents at TAYLOR'S, hot pink hair and teach me how to jerk!"

JV Boys' Basketball is a winter sport. The team is BROOKS RODIBAUGH, TRAVIS FLANIGAN, RYAN LATTIMORE, BRADEN MATTOCKS, DANE BROOKS, TRAVIS SPENCER, CARSON RISNER, and ISAAC HILLAN. This team practices a lot and when the game comes all their hard work pays off. They have been groomed to take their place on varsity in the next few years. They know how to have fun, but they also know when they need to get serious and win the game. That ability is a good team. Even when the team lost, they were never sore losers and they never gave up. They just put more work into the next game they had. BROOKS RODIBAUGH said, "This was a really fun year. We all had fun and tried our best, and that's all that matters."

JV Girls' Basketball is a winter sport. They played December through February. The team is COURTNEY SCHLEMAN, VICTORIA WATSON, HANNAH WHITE, EMILY HOPKINS, CHELSIE HUGHES, AIMEE MATTOCKS, JEANA WEBB, and SARAH RODIBAUGH. This was a good team this year. They are always using teamwork and helping each other out. You can tell how much effort they all put into the games when they play. The whole team has a good attitude towards everything and that's what helped them get through all the rough times they had. Even though they didn't always win the game, they would always keep practicing and getting better for the next game. They never once gave up. The future varsity looks promising for the Bombers.

Team Introductions

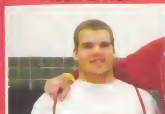

The 2010-2011 Rensselaer Bombers Boy's Basketball Team got the chance of a lifetime when they played on the same court as the famed Purdue Boilermakers at Mackey Arena. The aura of playing on the same court as legends, Rick Mount and Glenn Robinson, was felt by all. "Although it didn't turn out the way we wanted it to, it was a great experience" said junior CLAYTON WEISHAAR. This year was one of remembrance. The Bombers kicked off the season beating arch-rival Kankakee Valley on their hometown. The Bombers also gained a win against Newton county foe, North Newton, in front of a rowdy crowd at the "Burvausium." The win makes it 10 years straight over the Spartans. This year was also full of dramatic games, with 3 overtime games compared to one OT game in the last 2 years. The team's 2 veterans were seniors TYLER BAYLY and BENJAMIN DAVISSON who were key components for the Bombers. Junior JACOB WEST led the team in total team scoring with 248 points. BENJAMIN DAVISSON led the team in points per game as well as rebounds per game.

Garrett Smith Holds Down Third

As flowers begin to bloom, so does the baseball teams' hopes and dreams at state tournament glory. The Bombers rallied behind success from last season as they finished. The Bombers had a successful season that included a seven-game win streak early in the season. The Bombers also knocked off the, heavily favored and highly ranked West Lafayette Red Devils. This year's Bombers were led by only a couple seniors, Josh Foster and Jon Wilson. "This years team was full of youth and optimism" junior JACOB WEST said, "and the future is looking bright!". Indeed it is, and with most of the team returning, next year could be the year to bring some glory to RCHS. But take nothing away from this year's team, as the seniors have been apart of a major swing in Bomber baseball. From obscurity these seniors have pulled this program back into contention, and Bomber Baseball has never looked better, thanks to the veterans on this team.

Going, Going, Gone!

The future of Bomber Varsity Baseball had a fine season of their own as well. The team was young with even a few freshmen making the team. Freshman AVERY WALKER said, of the season: "The best part was getting food on the way home." Junior Varsity sports at RCHS are a great way for aspiring athletes to get into the action and get their feet wet, and maybe most importantly, to become more skilled players. The future looks very bright for Bomber baseball, the team's fresh talent was inspiring in some games. In others, the lack of experience showed. All in all, a great year of JV baseball is in the books. Soon these Bombers will be ready to step up to the plate in a Varsity game.

When fall begins and school starts up again, the boys tennis teams season is in full swing. Open court starts at the end of the previous school year for anyone who wants to be on the team. The boys give up half their summer to start their tennis practices and prepare for the first games of the season. JAYDON KOCZAN-STEELE said, "I joined tennis because I thought I was good at it, but then I realized I'm not that good. But if I practice harder I can improve." The RCHS boys tennis team works their hardest to win their tennis matches. KEEGEN HOLBROOK says "My favorite part in tennis was my undefeated record in *Pass the Racquet*, which was probably what won me the sportsmanship award."

When spring is in swing and it's the last month of school the girls starts tennis. The girls tennis team works hard in practice, so they will do well at their matches. It's always a joy to watch a girls tennis match. They do their best to make the serves and returns. They made it through the first round of Sectionals. The girls were looking to make it to finals, but they weren't able to make it past the second round of competition. They definitely had an awesome fun-filled season. When GRACE RODIBAUGH was asked what was the most challenging match she played at, she said: "The Crown Point match was the most challenging. Crown Point is pretty much amazing."

The girls track team this year may have been shorthanded, but they showed they had the determination to work hard. This year's group of girls knew how to get the job done. Senior ALLISON MATTOCKS says: "I really enjoyed my senior year in track and my most memorable moment has to be when KELSEY VANDERWALL told the whole team that she had no speedlimit!". Track is not just a sport where you run in circles, jump over things, and toss stuff around; you also get a chance to meet other people from schools all over who share the same interests as you. The boys track team worked very hard this season to be the best they could possibly be. The team got along very well together, and gave each other tips to improve their running skills. The practices may have been tough to get through, but it all paid off at the meets. Runners PATRICK MASOELS, and SAM MADSON both made it to regionals in the men's 3200 meter run. Sprinter GAGE ENGLEKING said, "Track is a really great sport, we run and have a good time." Even after all of the conditioning, hard practices, and long meets, the boys stuck together and did their best to get to past Sectional. Coach Yeager had a total of ten events compete at the Regional meet.

Despite the ever-changing weather, the Rensselaer Boys' Golf team found some sunshine to fit in practices. Practicing is the only way to improve, and the boys did a whole lot of practicing. They lost only three meets all season; learning something new from every meet to continue to be the best they could be. TRENT JUNK said, "We got stupid loose," referring to stretching before meets and a funny commercial. "Sandy pines was a particularly hard course because of its great length, and it was super windy that day," recalls ISAAC HILLAN. ISAAC also said "Mountain Top!" an inside joke the team shared. They made time for fun while putting in a lot of hard work, determination and time. The RCHS Boys' golf team really shined this season!

"It's bad to say, but some matches were more important than others. They were kind of landmark matches. One of them was Twin Lakes, who we beat in a tiebreaker. Everyone was so excited. Coach Dave [Davison] was so excited, she did not believe it and asked the Twin Lakes coach again. The coach started yelling at us that we won; and it wasn't that hard to figure out. Needless to say, Dave did push ups on the fairway and we took a team picture, she left...face red. The Lady Bomber Golf Team was so good this year. There were six great seniors and six underclassman who all worked together in gaining: Hoosier Conference Champs, 2nd at Sectionals, and Regional Qualifiers. It was so much fun, a great senior year, and I feel lucky to have been a part of it!"

The girls varsity softball team is a team where you learn that winning isn't everything and you just get to have fun with your friends playing the sport you love. There is not one single girl that doesn't show hard work. Every game all the girls put out 100 percent every game just to get the job done. This group of girls is very determined and put their heart into the game. Even though the season didn't go as they would have liked it to go they still had fun interacting with each other. A sport like softball gives girls the chance to interact with other girls from teams all over. All the girls get along very well they are so close they are just like a big happy family. This years 2011 girls JV softball team mainly consisted of freshmen and sophomores. This was one very close team. They all got along well together. Even though the score of the game may have not ended well they still played and put their whole hearts out on the field. They showed that winning isn't everything and they just wanted to be there to interact with their teammates and players from other teams. All the girls showed wonderful sportsmanship to other players. They are good examples of girls who just want to have fun playing the sport they love to play. This is a very determined group of girls. This year's girls weren't like any other group of girls. They had fun playing this year and having a good season.

Class President NATHAN GRAVES

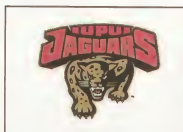

Outside, rain was coming down in buckets, but inside the RCHS gymnasium Sunday, the graduates' spirits were sunny. The valedictorian and salutatorian gave upbeat speeches, with LESLIE PARK recounting a story about a bird determined to leave its nest, and compared its situation to their own. Class President NATHAN GRAVES expressed his great optimism for the potential of his now-former classmates and urged them to remember this moment always. Leading by example, he pulled a camera out upon finishing and took a picture from the podium. Superintendent Spelcher closed the ceremonies by reminding the students to remember that this was their only life and to use it well. Congratulations to the latest class of Rensselaer Central High School, and may good luck and good fortune follow you always!

### Rensselaer's Alma Mater

To our school, oh Rensselaer, we pledge  
our loyalty. In these halls we've learned  
of Truth; Truth will make us free,  
Rensselaer, oh Rensselaer thy colors we  
defend. May we always think of thee as a  
blessed friend, (Rensselaer)

Memories that we hold dear within our  
hearts today, Cherish each and every one,  
less they slip away. Rensselaer, oh  
Rensselaer with us to the end. May we  
always think of thee as a blessed friend,  
(Rensselaer).

As we leave to face unknowns we vow to  
one and all. "Make this world a better  
place," will be our clarion call! Alma  
Mater Rensselaer, we say it once again,  
May we always think of thee, as a blessed  
friend, (Rensselaer).

The Alma Mater was composed by Walter  
Schaltenbrand-1983

1975-1996-RCSC Music Teacher

The Alma Mater is performed at every  
RCHS Graduation Ceremony.

The family of Walt Schaltenbrand would  
like to wish Congratulations to Senior,  
BEN DAVISON as he graduates with the  
class of 2011. Ben is Mr. & Mrs.  
Schaltenbrand's second grandson. Good  
luck at Western Michigan University!

May the stories and pictures in this book spark memories that you enjoyed through your days in high school. When you opened the book for the first time or in ten years from graduation, I hope you smiled. I hope that each page made you remember that game, that club, those friends, that dance, and may you relive it and share it with others always. On behalf of the Chaos Staff, it is our pleasure to bring you this book and after one hundred years of publication, it is in full color.

Enjoy!

the 1990s, the number of people with a mental health problem has increased by 50% (Mental Health Foundation 1999). The prevalence of mental health problems in the UK is estimated to be 10% (Mental Health Foundation 1999).

There is a growing awareness of the need to address the needs of people with mental health problems in the community. The Department of Health (1999) has identified the need to develop a new approach to mental health care, which is based on the principles of recovery, self-help, and self-management.
